STELLA CHEPCHUMBA

SOFTWARE DEVELOPER

PROFILE

Stella has always been passionate about pixels and design projects and hasn't stopped learning about new technologies. She has learned languages like Python, JavaScript, and Kotlin. She is also familiar with UI/UX design, UX Research, IOT, and HTML/CSS. Besides sitting in front of her display, She enjoys casual sports such as bowling and playing table tennis. She is currently looking for an internship so that she can utilize her knowledge and skills.
